OBJECTIVE

Dedicated to enhancing digital experiences through cybersecurity and Full-stack development expertise. Self-taught web developer with a commitment to securing and innovating in the digital landscape

EDUCATION

B.Eng. Computer Engineering | Bayero University Kano 2018 - Date

Courses included Data Structures, Algorithms, Computer Architecture, Operating Systems, and Software Engineering

Software Engineering | ALX Software Engineering 2023

Proficient in software engineering principles, focusing on systematic software design, development, testing, and maintenance for efficient and reliable solutions.

EXPERIENCE

Frontend Development | HNG I-10 Finalist Sept – Nov 2023

Excelled in Hotels.NG Frontend Development track, showcasing proficiency in React, TypeScript, and Tailwind CSS. Delivered innovative web solutions, demonstrating collaboration and precision.

Cyber Security Intern | Sense-learner Technologies PVT Ltd 2023

As a cybersecurity intern, I actively contributed to the organization's security initiatives. I gained hands-on experience in threat analysis, vulnerability assessments, and security best practices. Eager to learn and apply my skills to safeguard digital assets effectively.

SKILLS
